

CASE CARE MANAGEMENT

Call for Master Trainers for the Case Care Management Project

Brief Description:

The Executive Secretariat of the Inter-American Drug Abuse Control Commission (ES-CICAD) is seeking expressions of interest from experts in the field of alternatives to incarceration and social integration to be trained as Master Trainers for the delivery of the Case Care Management curriculum internationally. Upon successful completion of the Training of Trainers, these Master Trainers will be included on the Case Care Management roster of trainers and can be contacted to deliver the training when scheduled. If interested, please submit your resume and relevant information on knowledge and experience no later than April 25, 2022 to Antonio Lomba (ALomba@oas.org).

General requirements:

- Minimum of 7 years of work experience in the treatment, recovery, or social integration of persons with problematic substance use disorders.
- Confirmation of willingness and ability to travel on an as-needed basis for future trainings.
- Proven ability to deliver training in-person and virtually.
- Confirmation of availability to participate in the in-person CCM Master Training to be held in Washington D.C. from June 1-4, 2022, or virtually, in the event that the conditions for traveling are not secured due to the exceptional circumstances of the COVID-19 pandemic.
- Confirmation of willingness to continue on-going engagement as a Master Trainer by participation in posting training opportunities and training outcomes on the website of the International Society of Substance Use Professional (ISSUP). Prior affiliation or participation in ISSUP activities is an asset.
- Fluent in English and/or Spanish.

Knowledge and Criteria for Selection of Master Trainers

- Knowledge of the science of substance use disorders and the critical elements to support people in recovery.
- Knowledge of the challenges justice-involved individuals face in their recovery and social integration.
- Knowledge of the hypothesis and research regarding substance use disorders and justice

Case Care Management (CCM) is a project implemented by the Executive Secretariat of the Inter-American Drug Abuse Control Commission (ES-CICAD), Secretariat for Multidimensional Security of the Organization of American States (SMS/OAS). This effort is being made possible through the financial contribution of the Government of the United States of America, through the Bureau of International Narcotics and Law Enforcement Affairs (INL) of the U.S. Department of State.

CASE CARE MANAGEMENT
